

Address: Geotechnical Observations Ltd, The Peter Vaughan Building, 9 Avro Way, Brooklands, Weybridge, Surrey. KT13 0YF.  
Tel: 01932 352040

### **Arriving by train**

Take a train from London Waterloo to Byfleet & New Haw station. On exiting the station pass under the railway along Oyster Lane and turn left into Wintersells Road. Take the steps next to the Post Box passing over the Brooklands banking. Proceed to the end of the road and turn left into Avro Way. Geotechnical Observations is located in Unit 9 through the large grey metal gates at the corner.

### **Arriving by road (from the north)**

Take M25 motorway and leave at Junction 11. At the traffic lights turn left into St. Peter's Way (A317) and proceed along dual carriageway to roundabout. At the roundabout take the fourth exit and follow A318 signposted Addlestone, Byfleet & Brooklands. Continue on A318 until you reach Tesco/Marks & Spencer Retail Park. At Tesco follow signs for West Park/The Heights along Sopwith Drive. Continue following signs for West Park, turning left into Avro Way at the roundabout opposite the entrance to Brooklands Museum and Mercedes Benz World. Proceed along Avro Way, bearing left as the road turns to the right and becomes Vickers Drive North. Geotechnical Observations is located in Unit 9 through the large grey metal gates at the corner.

### **Arriving by road (from the south)**

Take M25 motorway and leave at Junction 10. At the roundabout take third exit and proceed along the A3 towards London. Take the first exit and turn left (A245) signposted Woking. At the second roundabout take the second exit (right) into Sopwith Drive, signposted Chertsey. Go straight on at the next roundabout and then turn left into Avro Way at the roundabout opposite the entrance to Brooklands Museum and Mercedes Benz World. Proceed along Avro Way, bearing left as the road turns to the right and becomes Vickers Drive North. Geotechnical Observations is located in Unit 9 through the large grey metal gates at the corner.
